

Volunteering at Pathways to Education Kingston

Thank you so much for your interest in supporting our program as a volunteer! Do you like to work with youth? Are you looking for valuable experience where you can help make a difference in the lives of young people? Would you like to get more involved in your community?

Our Volunteer Program is highly valued here at Pathways to Education, and we appreciate the time, dedication, and individual skill set each volunteer brings to the team. Our volunteers make a significant impact by creating accessible, engaging, and supportive environments for our youth.

Our Volunteer Program offers unique hands-on experience working with youth, as well as the opportunity and support to grow within the field. We believe that utilizing the individual strengths of our volunteers creates the most valuable outcomes, best benefiting the students here at Pathways. We value a positive outlook, a supportive attitude, and a passion for helping.

We have a vast range of volunteer opportunities available, including weekly programming positions, event-specific opportunities, as well as local organization involvement.
